It's been some time.
I am honored to see
you even if it was only
a coincidence....
Today will be one of my
best days.
Is your stomach
upset or what ?
Why are you
so flattering ?
It's ...
because of
you.
I ... told you ...
I was threatened
that day...
I had no
choice.

Yes, I don't like myself. I am such a wimp. I hate the fact that I cannot protect the one I care.
So..., I've begun to admire such a strong woman.
I know you are misunderstanding me. But please know that, my feelings toward you are ...
Mu Hyeon Ha, your mascara is a little off.
W... where ?
.....
.....

Janimes

You are whining as usual.
I might just fall for you.
You fit so well
with your makeup.
Weird dude,
he is crying
for that ?
He is worthy
to make fun
of.
No ! No !
I am naturally handsome.
My handsomeness is not
made by the makeup !

**Yeoudio : If you are a native Korean, you sure know this place.
It is a small island in a middle of Han river in Seoul. It's been developed as a beautiful park-like place and used as park often. There are also important federal buildings on the island.
It's getting warm by everyday.
Looks like spring has come for real.
Did you see the forsythia at the school garden ?
Yeah, let's go to **Yeouido to see cherry blossoms sometime soon.

This year will probably be last for a while anyway.
Last? what?
After graduation, I will go overseas to study.
We..well ..., with your grades, I am sure you can't go to any university... but going overseas to escape all that... I understand.
3 years ~ that would be enough to make you a decent dude.
When I go, I will be rotten for at least 3 years.

At this time, various type farmers were advanced ....
They saved their wealth and bought better identities to increase their position in the society.
3 years ...
Come to think of it, I've been with the guy even during the summer and winter breaks.
It is so displeasing to see him graduate first and now he is going away for 3 years?

By becoming an adult you lose child and teenage hood
Is it my greed to stay like this a little longer

A class versus a class
it s the seniors

Sin Uoo might have been hurt !
Sin Joo are you ok ?

He - eh -

He is trying to hide
but his desire to win
is pretty strong

He is doing well against
pro-class players
But he looks like he is new
to soccer. Seeing he managed
to block my fist, I reckon he has
a quite well trained body.

He scored !
He scored the first point !
See, I told you it'd be no problem if Sin Uoo joins !

Anyway thanks for letting me use this bike It's a new one So it had nice speed and stability
Just tell me anytime you need it
You arrived without hurting You were chased by the police as if you were lost
You saw
Of course you were the only one who wore a helmet
But after the incident the old woman was worried about me riding any bikes had to make a contract with my father that will wear a helmet no matter what to ride a bike
Here wheat noodles ordered it
Wow was about to chew the grass on the ground

Finding a complete stranger s face familiar is because one knew the person in one s former life right ?
es to be more realistic the memory is buried deep inside of your subconsciousness I find the above explanation more convincing
Have you eaten chicken feet ? The ones that are seasoned with various spices
Does that even exist?
Stomach foot legs
the chicken sacrifices a lot
subconsciousness

It's my brothers favorite food. So mom used to make it often
But couldn't eat it even once
"Why were you under your brothers oppression at that time."
No they were too gross
But you eat fish eyes all the time.
Yeah but those looked like dead eyes. The chicken feet retain the same texture as they were alive
My brothers picked up 4 of them at once and began to chew slowly and loudly
It it sounded like chewing my own foot
The sound the grossness
Even though the seasoning and spices were convincing
I still couldn't eat them

www.jahlmes.com

I couldn't eat at all !!
Then don't eat
Yeah it's not like anyone forces you to
Just what is the point you are trying to make ?
Well you see one day the lights were out and was so hungry was searching around in the dark kitchen
While searching was magically dragged by some smell that kept rinning my appetite
So ate it as soon as got my hands on it
Such tender meat and bones
The taste had gotten better and better as filled my mouth with it

And then the lights went back on and what I eating was chicken feet !!
I was eating chicken feet !
Isn't that a teaching from the great Buddhist Wonhyo ?
He drank cold and sweet water in a cave
It turns out that the water was from a skull
The skull has positive and negative meanings
It's all in a person's mind
Yes
That is what wanted to say

Fear can be overcome by a strong will !
The fear I am feeling from Sin Joo would be felt big simply because I refused to face it
If I actually dare to face it it would be just nothing

Yes !
Maybe he will be as tasty as the chicken feet
His hand was quite sweet
ou
ate his hand
No
only tasted it
am going home
will get busy from tomorrow So you take care of the gatherings
Giberring like that
didn't understand a thing she said
Well it s better than being loose though
She means she is being attracted

She probably knew what it was from its smell even if it was dark
Well that's right As long as food is concerned she shows near 100 percent accuracy
But she ate anyway with a help from darkness
She relied on only smell but the look
What's with you too You are speaking gibberish like her
She wanted to eat it ! So, she ate it when her eyes were blinded !
That fucking bitch , she wanted to make that point !

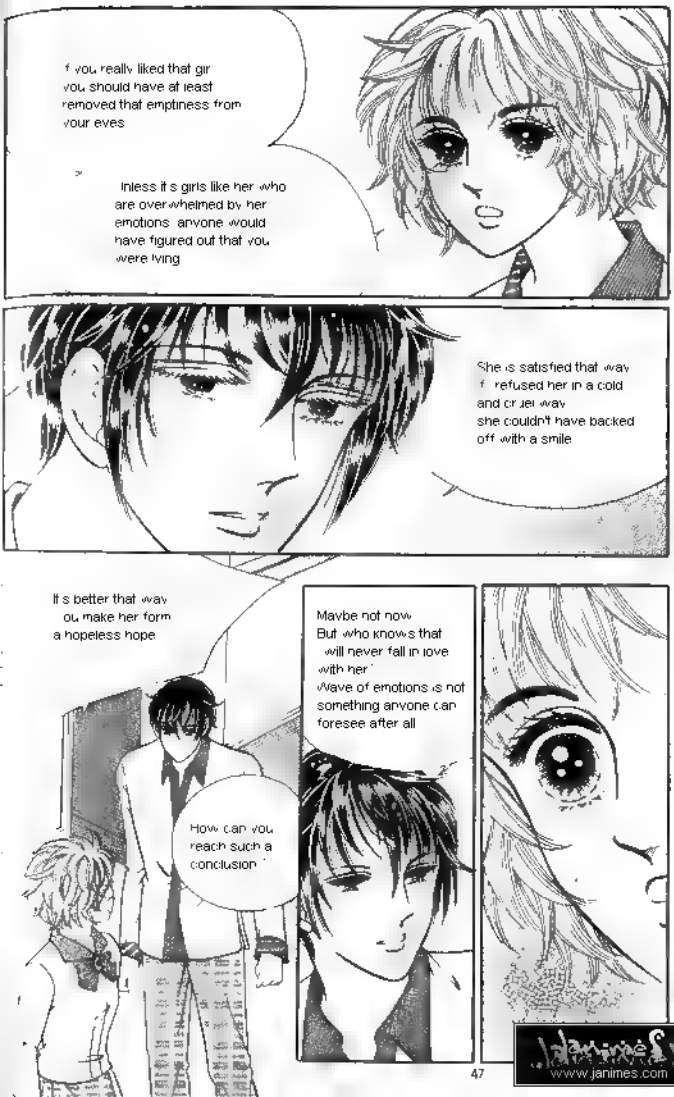
She is wanting to approach even when fear is the obstacle in front of her
She doesn't even remember anything is it that broken shells still remain?

Enough to override the fear

I I like you !
don't ask much
Please just read the letter
don't expect anything in return
All wanted was express my feelings to you
know that you don't even consider someone like me
like you too

like you
Ah
like you
cannot believe what am hearing

ou are
good at lying
Lie
It wasn't
what you
thought
Can you
prove it



f you really liked that girl you should have at least removed that emptiness from your eyes
Unless it's girls like her who are overwhelmed by her emotions anyone would have figured out that you were lying
She is satisfied that way if I refused her in a cold and cruel way she couldn't have backed off with a smile
It's better that way you make her form a hopeless hope
How can you reach such a conclusion
Maybe not now But who knows that will never fall in love with her Wave of emotions is not something anyone can foresee after all

www.janimes.com

es
that s right
it s none of my
business anyway
es it is none of
your business

did you think would

must say you are
quite self confident

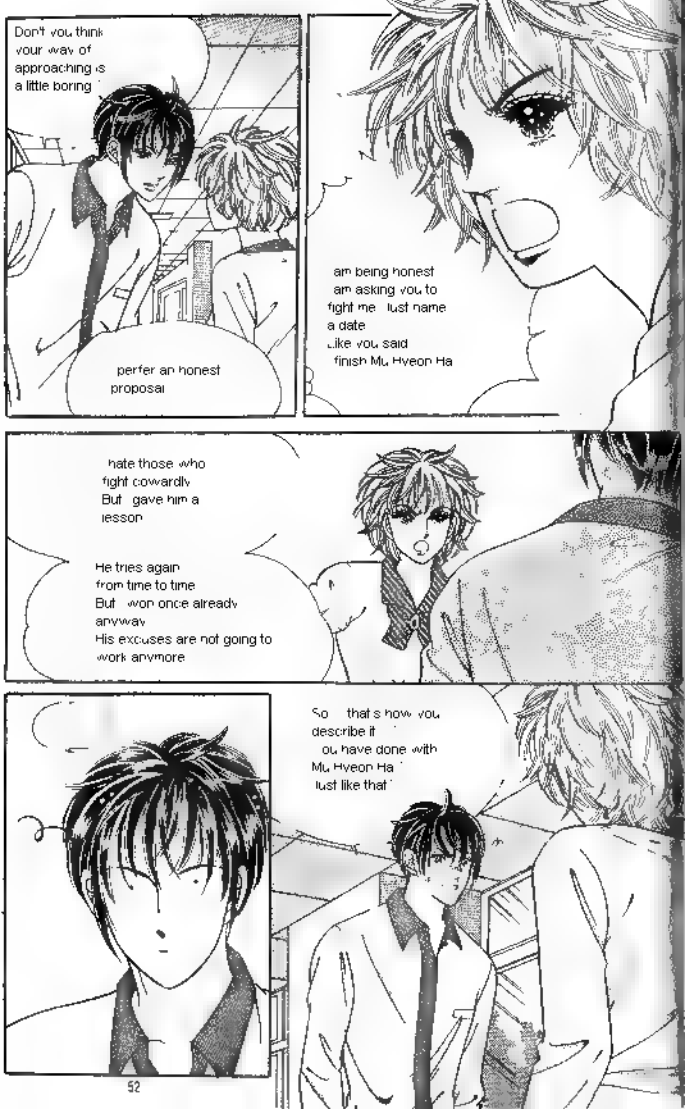
www.janimes.com



Don't you think your way of approaching is a little boring
perfer an honest proposal

hate those who fight cowardly But gave him a lesson

are you crying

ou crying again
When asked to face

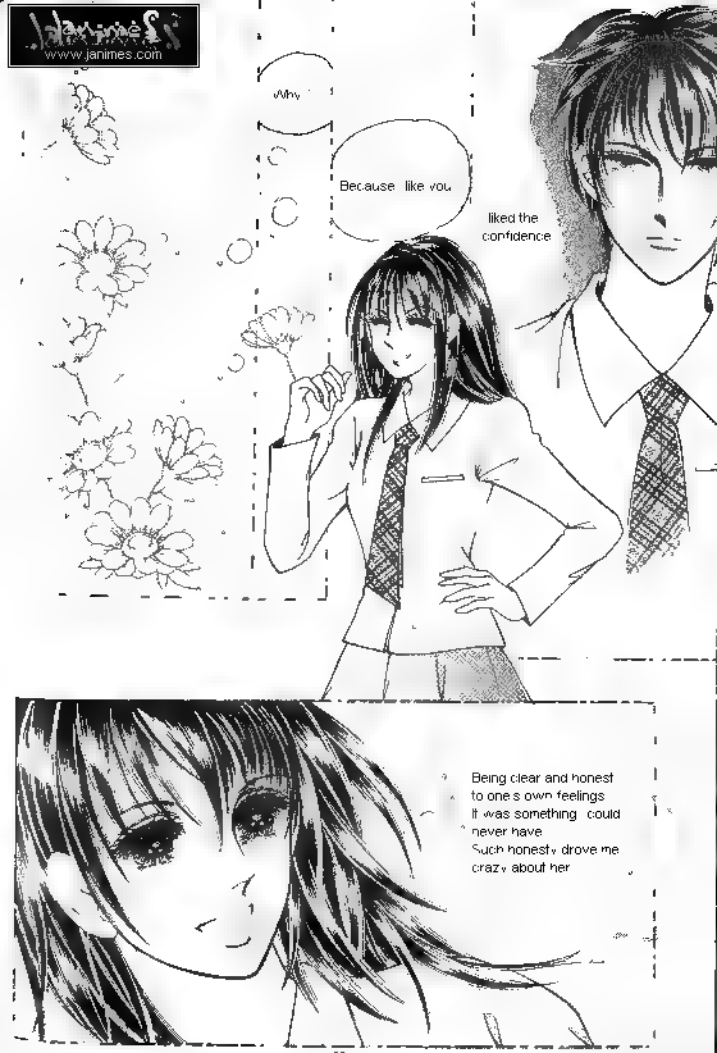
cried out loud
also
Where did you
get such a
false rumor
Ah
Calm down Calm down
Don't get driven by her
stupid pace
The reason that my
adrenalin overdoses
is due to lack of
sleep

promise
When I get to know your fighting abilities I will make sure I adjust my level to yours
Sin Joo Park you've gone crazy
You've officially gone crazy
So don't be so afraid huh?

This is because of lack of sleep
Hey ! Hey , no ! Don't faint !
I won't hit you hard !
es it s due to lack of sleep
I promise !

www.janimes.com



Why
Because like you
liked the confidence
Being clear and honest to one's own feelings
It was something could never have
Such honesty drove me crazy about her

was trying to feel with you
and eventually managed to
merge my ways of life with yours
When it happens thought
maybe just maybe could express
my feelings honestly as well

thought the time was
unlimited

When it happens
was going to say

It won't work even if you try to flatter me I am sorry that I made you faint But it doesn't change the fact that I want to face you
Hey teach Give me a first aid kit

When did you make me take sleep pills
Sleeping pills didn't
Don't lie to me
If it weren't the pills no way would have slept for 6 hours especially in front of some bitch like you
I can't barely sleep for an hour everyday
If you do this again I will make sure you spend sometime in a jail
Some bitch like me
Something doesn't feel right as if boiling

www.janimes.com

www.janimes.com

Is it because she acted a bit like Aram
Is that why Is that the reason that was moved a little bit
Let me rest a bit Aram will just take a nap for a little while

Is it true that the Doberman raped you ?
Kkyak what kind of nonsense is that ?
Someone saw the Doberman was on top of Sin Joo and was doing
What are you going to do Sin Joo ? What did you do to be picked on by someone like that?
She is trying to get a piece of you
guess she is a woman after all

Dear seniors

it could just
be temporary

The Doberman is too bad for Han Soo

It s just that he is too violent

Haven't you realized that what you are doing is abnormal

Hmm... but it'd be funny to be pissed off for only something like that
You were thrown off a roof of 3 story building You call that "only"
Han Seo may be a violent guy. But he is not a bad guy
His downside is going psycho when he receives stress But he is a trustworthy
Trustworthy
Yes. Aram said the same thing She showed unbreakble trust when she was talking about Han Seo
Han Seo said that Han Seo taught her this and that
Han Seo can be trusted

The result of the trust was

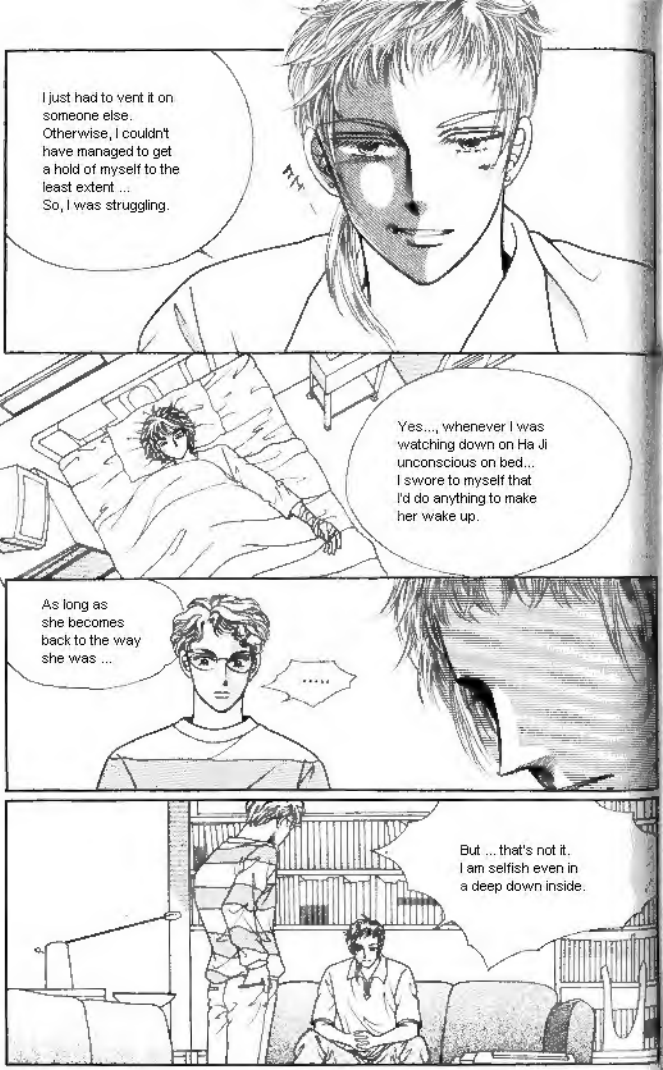
Han Seo, Ha Ji is fine. Don't punish yourself.
When Ha Ji was in a coma...
I thought I was going nuts completely. I did know I was the cause.
Even though I had always blamed Te Hu Kang for the incident, I did know who was at fault.



I just had to vent it on someone else. Otherwise, I couldn't have managed to get a hold of myself to the least extent ... So, I was struggling.
Yes..., whenever I was watching down on Ha Ji unconscious on bed... I swore to myself that I'd do anything to make her wake up.
As long as she becomes back to the way she was ...
.....
But ... that's not it. I am selfish even in a deep down inside.

I cannot forgive her !

I'd rather ... make
